I have been drawing more and more of a bias towards animals.

I have been drawing more and more of a bias towards animals.

Thank you very much for accepting my first translation.

To start with good day to you!
I Am Kaze no Agari

I am answering some of the questions in the letters.

Q: What do you prefer to be called?

A: It doesn't matter~ For reference, almost everyone calls me "Kazuma-san" or Kazuma, Agachan, Anwan.

Q: About what is the ratio of men to women in your fan letters?

A: Almost exactly half and half. I'm happy whether they're male, female or whatever. Just awesome. So there.

Q: Do you have a web site?

A: We made one. As of June 2006, it was <http://www.tanaka.jp/>. It's called "Zama Loo", but I don't update it too often. It's a journal.

The drawings you've enclosed, the pictures of cats, the stories of cats.

Thank you for all your letters!

Those who read us will enjoy themselves too. We will be trying our best!

One way or another, we will continue to a second volume. I hope?

Well then, well then.
